

Table 1:

Text effects: wrap (TRUE vs FALSE), rotation=90, padding=10px

Wrap test	Rotation	Padding
This is a very long text that should demonstrate text wrapping behavior when wrap is enabled versus disabled	normal	This text demonstrates padding effects with longer content to show the spacing difference
This is a very long text that should demonstrate text wrapping behavior when wrap is enabled versus disabled	rotation=90	This text demonstrates padding effects with longer content to show the spacing difference
