Table 1:

Text effects: wrap (TRUE vs FALSE), rotation=90, padding=10px

Wrap 1	Wrap 2	Rotation	Padding
This is a very long text that should demonstrate text wrapping behavior when wrap is enabled versus disabled		normal	This text demonstrates padding effects with longer content to show the spacing difference
	This is a very long text that should demonstrate text wrapping behavior when wrap is enabled versus disabled	rotation=90	This text demonstrates padding effects with longer content to show the spacing difference
Wrap 1	Wrap 2	Rotation	Padding
